CONDICIONES DE ALMACENAJE - Storage conditions - Conditions de stockage

Debe almacenarse en ambientes de baja humedad, temperatura máxima 30 °C, máx. y nunca expuesto al sol ni a la intemperie

REMARKS: Our acknowledgement presupposes that the packaging material is appropriately processed. Please, be advised that the storage of strongly acidic or alkaline products in direct contact with uncoated aluminium foil should be avoided. In aqueous environment these products can dissolve aluminium, the extent of which would depend on temperature and contact time. The suitability of uncoated aluminium foil for specific applications should be ascertained by the relevant manufacturer / packer.
